

# YOSAKOI SUMMER SCHOOL

It may be one of the most unforgettable experience of my life. People from all over the world gathering together, tried to communicate with others and made friends. It was my very first time going abroad and meeting with foreign people, I was so nervous at first but really enjoyed at last.

In the summer school, Yosakoi Dance Festival impressed me the most. I had never imagined that I could participate in the Japanese festival, not to mention dancing in person. We danced from day to night, from road to road, spectators were so passionate and energetic. They all had smiles on their faces and cheered us on which left a deep impression on me. Moreover, in international team, I met other people who are from Australia, Taiwan and Japan. All of them joined the Yosakoi Festival for the first time, we discussed the reasons why we were in Kochi and our observations about Japan. Though, the full day's dancing exhausted me, I still felt so proud when we finished our performance.

I couldn't be more grateful to have this memorable summer school in my life and thank you all for making these days so perfect. I will remember everything we did together, everywhere we went and everyone in the summer school especially my buddies.
